Early Bird (before 23 Sept '19) – RM 1,400

Group Discount (3 or more) – 10%

Trainer's Profile

Vincent Chin

1 About Vincent

Vincent is a HRDF-certified trainer specializing in advance Excel, Financial Modelling and Lean Six Sigma; and a continuous improvement consultant. He is a Chartered Accountant (Association of Chartered Certified Accountants), a Six Sigma Black Belt (ASQ) and a Microsoft Office Specialist.

2 Work Experience

Vincent has more than 20 years' experience in multiple industries where he held roles of finance head, continuous improvement lead and trainer.

One of his highest achievements in the role of a Financial Controller was being able to turn a loss making company into a profitable one within a year. He also held continuous improvement roles in the shared service and financial industry where transformation and implementation of target operating models were required. Vincent also programs in VBA and develops complex Excel applications.

3 Trainings Experience and Clientele

Vincent has trained employees from Genting Group, Dell, Motorola, Technip, CIMB, Malakoff, Digi, IBM, Starwood Hotels & Resorts, Petronas ICT, HSBC, J&J, Kossan Rubber, CapitaLand, Markem-Imaje, RHB, DHL, Shell, Samsung, DBS, NOL.

4 Training Approach

Vincent adapts a practical approach in his training and relates topics he conducts to real life scenarios. This comes from his strong background in financial operations and process re-engineering experience in local and multinational firms.

5 Specialization (Courses that can be conducted)

Lean Six Sigma, MS-Excel.

6 Qualifications

FCCA (UK), CSBB, MOS.
